POCKET OF PARADISE
TRAVEL COMPANY

HOW THE SYSTEM POWERS EVERY DEPARTMENT

Pocket of Paradise *Management System*

One system for the whole travel office: enquiries, sales, trips, money, people and reporting, on the computer and on the phone.

Prepared for
Pocket of Paradise Travel Company

Date
11 November 2026

Status
Built and running

PART A · INTRODUCTION

Everything in one place

One system that runs the whole travel office, from the first enquiry to the final report.

What the system gives you

- ✓ Enquiries, clients, trips, money, staff and marketing in one place.
- ✓ Each person sees only the work that belongs to their role.
- ✓ Follow-ups, reminders and alerts happen by themselves.
- ✓ Management sees every department live, without waiting for reports.
- ✓ Works on a computer and installs on any phone like an app.

The journey of a lead

1. **Captured** — Desk, website, WhatsApp, social
2. **Assigned** — To the right agent
3. **Followed up** — Tasks and reminders
4. **Quoted** — Itinerary and quotation
5. **Booked** — Paid, tracked, travelled

HOW TO READ THIS

Part B shows each department's problem and how the system solves it. Part C shows the standout features.

PART B · BY DEPARTMENT

From the front desk to the CEO

The everyday problem in each department, and what the system does about it.

Department	Problem	How Pocket of Paradise Solves It
1 **Front Desk**	Enquiries from many channels get lost or are not followed up.	• Every enquiry in one leads log • Returning clients recognised • Leads handed to agents in a few clicks
2 **Dispatch and Visitors**	No record of visitors, or of guides and vehicles out of the office.	• Visitor, card and equipment registers • Guides and vehicles checked out and in • Alert when a return is late
3 **Sales Agents**	Forgotten follow-ups and quotes typed by hand.	• Own pipeline board, calls and tasks • Itineraries from templates and photos • Quote, booking and vouchers in one flow
4 **Sales Manager**	Uneven lead sharing and guessed performance.	• Fair, rule-based lead assignment • Alert when two agents chase one client • Targets, rankings and stalled deals
5 **Operations**	Package, lodge, vehicle and staff details scattered.	• One record of packages and lodges • Fleet with fuel and maintenance logs • Staff, guides and standard terms
6 **Guides and Trip Readiness**	Trips at risk of leaving unprepared.	• Readiness board for every departure • Alerts for missing lists and fees • Guides check in guests on their phone
7 **Suppliers**	Bills paid late, twice, or against the wrong trip.	• Bills and prepayments linked to trips • Cost view per departure • Finance approves before paying
8 **Marketing**	No clear view of which platform brings paying clients.	• Every lead tagged by source • Tracked links and lead quality • Content calendar and one inbox
9 **Trip Production**	Trip photos and videos lost, content unplanned.	• Sourced, Shot, Posted board • Shared asset library • Content draft after each trip

PART B · BY DEPARTMENT

From the front desk to the CEO

Continued.

Department	Problem	How Pocket of Paradise Solves It
10 **Finance**	Spreadsheets, late debt chasing and missed KRA dates.	• Invoices, receipts and bank matching • Payroll, KRA dates and commission • Budgets and financial statements
11 **Deal Desk**	Unchecked deposits, unsigned deals, forgotten instalments.	• Optional client check before deposit • Online signing of quotes and bookings • Payment plans with reminders
12 **HR and Leave**	Paper leave forms and no attendance record.	• Online leave with automatic balances • Kenyan public holidays included • Clock-in and daily attendance
13 **ICT**	Late-night WhatsApp enquiries go unanswered.	• WhatsApp lead bot with approved answers • Bulk SMS and email • Website links and regular backups
14 **Administration**	Staff see more than they should.	• Access by role • Log of every change, two-step sign-in • Privacy and data protection register
15 **Every Staff Member**	Tasks, meetings and complaints forgotten.	• Private to-do list and weekly plan • Calendar, notice board, work email • Overdue complaints escalate
16 **COO**	Chasing every head of department for updates.	• Full access to every department • Command Centre and team plans • Morning briefing and WhatsApp assistant
17 **Director / CEO**	Late reports that are hard to check.	• Read-only view of everything • Ask the business, get live figures • Monthly management pack by email

PART C · STANDOUT FEATURES

What makes the system different

The features that save the most time and win the most bookings.

Automation: on its own

- Creates follow-ups for quotes, deposits and quiet leads
- Reassigns leads not contacted in time (if switched on)
- SMS balance and instalment reminders to clients
- Alerts for unready trips, late vehicles, KRA dates
- Monthly management pack to the directors

Automation: on command

- Run all follow-up rules with one click
- Assign a batch of leads by the rules
- "Write for me" drafts itinerary text
- Bulk SMS and email with opt-outs
- Reports as Excel, CSV or PDF, or by email

Lead capture and follow-up

- Desk, website, catalogue, expo form, social, QR cards
- Returning clients matched by phone or email
- Rules and fair turn-taking choose the agent
- Clear stages from Enquiry to Completed

Website and social media

- Website enquiries land in the system
- Public tour catalogue for clients
- Facebook and Instagram leads and messages
- Tracked links show what brought each lead

Starts once the website and Meta accounts are linked.

WhatsApp messages

- Welcome message to new enquiries
- Travel reminders to client and agent
- Pre-trip and thank-you messages
- Every message logged

Sends once WhatsApp Business is connected.

AI assistant for Director and COO

- Ask on WhatsApp, get live figures
- "Ask the business" on the Command Centre
- Daily morning briefing
- Read-only: it can never change data

AI wording needs an AI service connected.

PART C · STANDOUT FEATURES

Closer to the client

Cards, reminders and reports that keep clients and management informed.

Agent QR business cards

- Personal card, front and back
- Scan to save contact and send a trip request
- Request goes straight to that agent
- Shows scans, saves, leads and bookings

Travel reminders and client links

- Itinerary link: Book, Change or Question
- Private trip page: paid, due, what to bring
- Travel-day page for the agent
- Vouchers and letters from the booking

Reports and dashboards

- A dashboard for every department
- Command Centre for management
- Sales insights and market research
- Financial statements and budgets

Good to know

- WhatsApp, SMS, social media and AI start once the company's accounts are connected
- Until then, messages are recorded but not sent

PART D · THE RESULT

The whole business at a glance

One reliable place for every enquiry, trip, payment and person. Less chasing, faster service, and the whole business at a glance.
